GENL. & REV. SECTT. Br. R 8 MAY 1926 SIR, SECTION.

Chief
THE/SECRETARY TO THE GOVERNMENT OF
HIS HIGHNESS THE MAHARAJA OF MYSORE
~~REVENUE DEPARTMENT~~

Subject:-- Temporary wells for Drinking water - Mysore District - Allotment for.

I have the honour to state that the Deputy Commissioner, Mysore District, reported in his letter No.C.C.2528/25-26 dated 27th April 1926, that owing to great scarcity being felt for drinking water in about 22 villages of Malavalli Taluk, the Sub Division Officer, French Rocks had requested ~~xxx~~ sanction for a sum of Rs.500/- for the purpose of sinking temporary wells in those villages and that he had arranged to meet that expenditure from the District Board Funds. As an additional amount was required by the Deputy Commissioner for meeting similar further expenditure in Mandya and Seringapatam Taluks and Bannur Hobli of the T.Narsipur Taluk where similar need was expected, if rains held off, he requested me that an allotment of Rs.1,000/- for the purpose from "Distress" grants might be sanctioned. The Deputy Commissioner was requested to move the District Board for the necessary funds out of the allotment sanctioned to it for Drinking water wells, and in reply he states in his letter No.C.C.2528/25-26 dated 2nd May 1926 (copy enclosed with enclosure) that there is a lack of funds under Drinking Water Well Funds in the District and that therefore, a sum of Rs.1,000/- might be sanctioned from "Distress grants" as there is still need for temporary wells in parts of Mandya and Malavalli Taluks and as there is fear that similar wells would be needed in Mysore and Nanjangud Taluks if there is no rain in a week.

2. In these circumstances, I request that orders of

Government may kindly be obtained at a very early date on the letter of the Deputy Commissioner.

I have the honour to be,

Your most obedient servant,

C S Balasundaram

Revenue Commissioner.

Letter No.O.C.2528/25-26 dated 2nd May 1926, from the Deputy Commissioner, Mysore District, to the Revenue Commissioner in Mysore, Bangalore.

Temporary wells for ~~Rain~~ Drinking water.

In reply to your letter No.D(2).Dis.2116/25-26 dated 1st May 1926, I have the honour to send enclosed, copy of letter from the President, District Board, Mysore, to the Secretary, Local and Legislative Departments in the matter of the lack of funds under Drinking Water Well funds in this District and requesting an additional grant of Rs.21,000/- to cover the cost of the works on hand and wipe out the minus balance under that fund.

As the District Board is not, in these circumstances, in a position to provide funds to the full extent under temporary wells, I request that the grant of Rs.1,000/- applied for may kindly be sanctioned urgently, as there is still need for temporary wells in parts of Mandya and Malavalli Taluks and there is fear that similar wells would be needed in Mysore and Nanjangud Taluks if there is no rain in a week.

The situation in Seringapatam and T.Narsipur has slightly improved in view of recent rains.

Adverting to your letter No. L. 3047 L.B. 50-25-8 dated 27th October 1925 communicating the orders of Government that no funds are available for being granted for drinking water wells in this District, I have the honour to report as follows:-

A sum of Rs. 10,000 was sanctioned from State funds during the year 1914-15 for skinking Drinking Water Wells in this District out of the special allotment of one lakh sanctioned for the whole State for the purpose. The formation of the Drinking Water Well Fund was sanctioned by Government in July 1915 and this fund was made up of grants from State District and Village Improvement Funds The State grant and the Village Improvement allotment being both debitable to State Fund and considering as such that a separate contribution from Village Improvement Allotment served no purpose the Government in their Order No.184-95/L.B.12-15-43 dated 8th July 1916 directed that contributions to the D.W.W. funds should be shown under two heads namely District Funds and State Funds and the purportion shown in the above order ~~in~~respecting these contributions is one third and two thirds respectively.

These contributions made accordingly to the D.W.W. Fund of this District from the year 1915-16 to the end of 24-25 is Rs 80000/- as detailed under.

Year	Contribution District Funds.	State Funds.	Total.
15-16.	700	19000	19000
16-17.	11000	19000	30000
18-19	---	20000	20000
19-20 to 1923-24.	Nil	Nil	Nil.
1924-25	~~Nil~~ 18000	~~Nil~~ 4000 22000	~~Nil~~ 18000

P.T.O.

It will thus be seen from the above that including the grant of Rs. 10000/- sanctioned during the year 14-15 the total amount allotted to this District for drinking water wells is Rs 90000/- up to the end of 24-25. The total outlay incurred for well works during the above period is Rs 118121-7-3, showing an excess of Rs 28121-7-3, over the allotments to the well Fund. The transactions relating to D. W. W. Funds are being shown in the accounts under the public Debt head in accordence with the instructions received from the Comptroller.

The well works that ~~are~~ now in progress require an appropriation of Rs 29509/- for their completion and new well works costing Rs 16166/- have already been sanctioned during the current year owing to pressing requests from the villagers.

The entire question was placed before the District Board at their ordinary meeting held on 12th December 1925 when it was resolved that " as there is a debit balance of Rs 28121-7-3 in the Mysore District Drinking water wells funds " the Government be moved to sanction grant of Rs 21000/- agreeably with the proportion fixed in G. O. No. 184-95 L.B. 12-15-47 dated 9th July 1916, the balance being met from the closing balance of the District Board.

In submitting herewith an extraxt from the proceedings of the District Board, I request that sanction of the Government may be kindly obtained to the above resolution of the Board and a special grant of Rs 21,000/- sanctioned to the Mysore District in this behalf.

" C o p y "

Deputy Commissioner,
Mysore District.

in the Comptroller's office are explained below:—

(a) Provision made for F. S. Operations Rs 1,40,000

(b) Amount spent out of (a) Rs 1,17,377

(c) Realisations from the sale of fodder Rs 52,052

(d) Net loss resulting from the operations (b-c) Rs 65,325

98 It has to be presumed from the statement forwarded with the Comptroller's letter that all the advances have been adjusted and accounted for.

99 The fodder supply operations were closed long ago, i.e. about 16-12-24. In spite of repeated reminders and requests, complete accounts of stock of fodder have not been furnished by the Director of Agriculture and the Conservator of Forests. It will not, perhaps, be possible to get correct accounts of stock, as they do not seem to have been maintained in the several depots from the commencement

An irregularity has occurred in the course of the transactions, and considering the nature of the operations and the period which has elapsed since they were closed, it seems best to accept the Comptroller's figures and record the correspondence with an observation as to delay for the present, the Comptroller being requested to send up an abstract in due course.
